

HI-TEK-M

15W50 SL/CF-4

HI-TEK-M provides protection in extreme and normal conditions. Suitable for petrol and light diesel engines and is specially designed for the modern multi-valve engine, turbo charged and high performance applications.

API SL/SJ/SH

- Help extend life by reducing engine wear.
- Maintain high power and performance.
- Reduce oil consumption.
- Ultimately saves on maintenance costs.

HI-TEK-M has many benefits, longer engine life, with proven metallo-organic anti-wear additive system protects engines under all operating conditions by providing excellent wear control in even the most sophisticated valve train mechanisms, including those with variable valve timing. Multigrade viscosity provides additional protection against wear at start-up and under high temperature operating conditions.

TYPICAL CHARACTERISTICS

PROPERTIES	UNIT	VALUE
SAE GRADE		15W50
VISCOSITY @40o	cST	150
VISCOSITY @100o	cST	18.5
FLASH POINT	C	218
POUR POINT	C	-45
